## 2011 APICS Honor Roll

Thank you, 2011 APICS volunteers, for dedicating your time and talents to APICS. Your efforts have truly enhanced the membership experience available to all members of the APICS community.

Dear APICS volunteers,

APICS volunteer contributions are at the heart of what makes APICS a rewarding community for our members, certification designees, and partner organizations. Each of you represents the talent, commitment, and drive that are critical to serving the supply chain and operations management professions—and to building a stronger global economy.

This year, APICS has grown and remained agile amid market instability—seeing improvements in membership growth and increases in sales and exams taken. Dedicated APICS volunteers like you in communities worldwide are instrumental in this growth.

The contributions you make every day help APICS reach new levels of performance in providing the relevant body of knowledge, meaningful educational experiences, and valuable professional growth supply chain and operations management professionals have come to depend on from APICS.

You and your peers help develop the content that makes our body of knowledge relevant. You ensure our education is meaningful. And you retain and recruit members into a community dedicated to professional growth. This work is at the core of the APICS community and promotes the best of what talented and committed professionals can do for the supply chain and operations management field.

As we continue to strive to achieve sustainable productivity at APICS and to assist our supply chain and operations management professionals worldwide to do the same, we count on volunteers like you.

Our most sincere thanks go out to each volunteer recognized in the 2011 APICS Honor Roll—and the countless volunteers not called out. You are instrumental to APICS's success: Affiliation with APICS happens because of you!

Best regards,
