

Join 10,000 APICS CSCP designees worldwide.

Boost Your Supply Chain Performance and Productivity

The APICS Certified Supply Chain Professional (CSCP) designation is the most widely recognized educational program designed for operations and supply chain management professionals around the world. Demonstrate your mastery of supply chain management best practices by earning your APICS CSCP designation.

The APICS CSCP exam and learning system are all-new in 2012, enhanced to help you better harness the best practices, techniques, and technologies to maximize your organization's efficiency and impact the bottom line.

APICS CSCP Program Benefits

- The APICS CSCP certification encompasses the entire global supply chain.
- The APICS CSCP designation sets the standard for certification.
- The program is administered in 72 countries and preferred by leading companies worldwide.
 - Employers and recruiters seek APICS CSCP designees.
 - The APICS CSCP increases your professional value and secures your future.

According to the Operations Management Employment Outlook, APICS CSCP designees, on average, earn 11 percent more than noncertified supply chain professionals. (Second quarter, 2011)
